

Clarification no. 1, Date: 17 April 2017

Question 1. What are the required documents for the technical proposal?

Answer : Based on the technical evaluation criteria stated in the RFQ, the bidders are expected to submit the following documents:

- Company profile with the list of previous clients for the infographic services
- CV(s) of the proposed consultant(s)/designer(s) for this work
- Proposed timeline to complete this work
- Port folio or sampling of previous work focusing on infographics

Question 2. If my company is located outside Thailand, can my company participate in this bidding?
Can we work remotely if we are the successful bidder?

Answer: As stated in the RFQ, the successful bidder who is awarded the contract is expected to submit the work in .jpg or .ai file via email. Therefore, there should be no cost on delivery as per the incoterm.

Question 3. What is the language for this infographic?

Answer: English.

Question 4: Do you have any examples of infographics that represent the level of complexity (not necessarily design or look) of the infographics you would like developed under this RFQ?

Answer: Please see the 4 of inf graphics as the files attached.
